NEWBURY

High School Alumni Banquet Was a Marked Success.

The first alumni banquet of the Newbury high school took place on Wednesday evening, June 18, there being 125 present. The tables were spread in Chadwick hall and arranged in the form of a hollow square, and the bill of fare was only equalled by a spread at Delmonico's, New York City. Richard Darling as toastmaster. Professor Jenks of the University of Vermont was the speaker of the evening and spoke on the "Ideal Rural School." He was followed by several of the alumni, who gave reminiscences of the days of yore. After the speechmaking the tables were cleared and the throng danced until the small hours of the morning. Sargent's orchestra of Plymouth furnished the music. Much credit is given to those whose indefatigable energy made this happy occasion a success.

Stephen Horrell of Pasadena, Cal., was the guest of Paul Andrews the first of the week. The alumni were fortunate in securing the services of E. W. Paul, an experienced chef, and his able corps of assistants taken from the ranks of Newbury high made an attractive, capable and indispensable addition.

Paul Andrews is in Rochester, N. Y., this week. Mrs. Emily Silsby, Morgan, has been in town for a few days. Chief Petty Officer William J. Nickolson is in town this week. He has just returned from overseas, and is a brother of Miss Anita Nickolson.

It was an interesting and interesting audience which filled the Congregational church last Sunday morning. It was children's day. "And what is more interesting than our little ones?" The children, under the direction of an efficient committee, held full sway; their program was filled with music, recitation and song. Dr. and Mrs. Chamberlin had two of their children, Laura and Elizabeth, christened, also Mr. and Mrs. Norman Cobb their son, Frederick, and infant son, Norman Dickerson. The pageant, where adoration was shown the Queen Liberty, was skillfully carried out, all the young ladies looking their prettiest and doing their best. At the close of the address, Masters John and William Haviland, William Alexander Meserve and William Spaulding Harmon were presented Bibles by the church, and with the singing of "America" and the waving of flags the little ones marched out, each with a potted geranium in his hand.

Mr. and Mrs. Carlyle Sargent were the guests of Mr. and Mrs. H. B. Hale the first of the week. Ernest Hottington spent the week end with his family.

Mrs. John Hale is on from Albany for the summer.

The Misses Taggart are home on their summer vacation.

Miss Anita Nickolson has been home, making things lively for her aunt, Miss Keyes.

Miss Lisle Southworth and Miss Mary Flanders are with us once more. When you hear the silvery flute sounds of Haviland's automobile horn, you make no mistake in saying Haviland is in town. We hear his horn.

Some of the alma mater boys who called at the captain's office had familiar names, such as William and George Meserve, Walter Johnson, Leslie Cobleigh and Roy Sargent. These boys are all looking well and have responsible positions in life's great work.

Our historian, Frederick Wells, was in town the first of the week. He had with him a communication from a western city, informing him that Charles Taggart was walking in the straight and narrow path and behaved as well away from home as he did at home, and was much pleased about it. We trust that Vermont papers will please copy this item and give it general circulation.

We learn that Mrs. George H. Atkinson, Miss Frances Atkinson, Mr. and Mrs. Hibbard and their son, James, went along with that Mohawk trail party. We understand that they went along just to chatter the party mentioned in the last week's paper and incidentally to have a good time. And they got it.

The reliance that womenkind has learned to put in crackers is being well illustrated at the teas being given for returning soldiers and sailors.

Every woman at the metropolitan has in her pantry a general supply of the National Biscuit Company's always reliable and universally accepted product. Nettle, a lonely young woman, a yeoman of the Navy, in uniform, found herself unexpectedly entertaining a party of a dozen at her uptown home the other afternoon. In the kitchen several young ones were at a freshness in port.

She had Fig Newtons, every soldier's favorite, a baked apple, a little blanc and a tea was Douglas.

"But," she covered her face with her hands, "I've never heard of these crackers."

Danger Lurks In Summer Foods For Babies

EVERY mother knows the evil effects of summer heat on cow's milk. This danger is equally great to all foods unless carefully kept in a cool place away from insects.

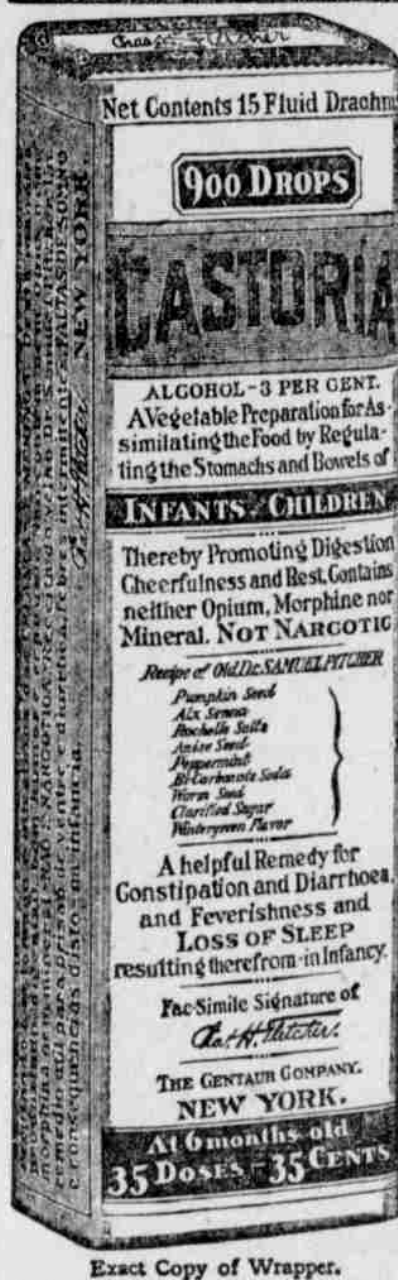

Bad food loses its nourishing value. It causes constipation and diarrhea. These are at best always prevalent in the summer time. They depress the mind and weaken the body, and may cause more serious illness.

The first precaution is to see that the stools are regular and normal. In the case of babies and children, if less than twice a day you may suspect constipation; if more than three times a day, diarrhea. A remedy is then

needed that will regulate and tone the bowels, and you will find none safer and better than Dr. Caldwell's Syrup Pepsin. It is a combination of simple laxative herbs with pepsin that millions of mothers constantly have in the house for just such purposes.

A bottle of Syrup Pepsin can be bought at any drug store for 50c and \$1, the latter the family size. A free trial bottle can be had by sending your address to Dr. W. B. Caldwell, 480 Washington St., Monticello, Ill.
